norton™

Norton™ 360 for Gamers

⊞ 🤖 🍎 iOS

Comprehensive protection with features designed for gamers' unique needs.

Opt-in to Cyber Safety™

⚡ **Game Optimizer[1]**
Maximizes game performance by dedicating CPU cores to the game on PCs with multi-core CPUs.
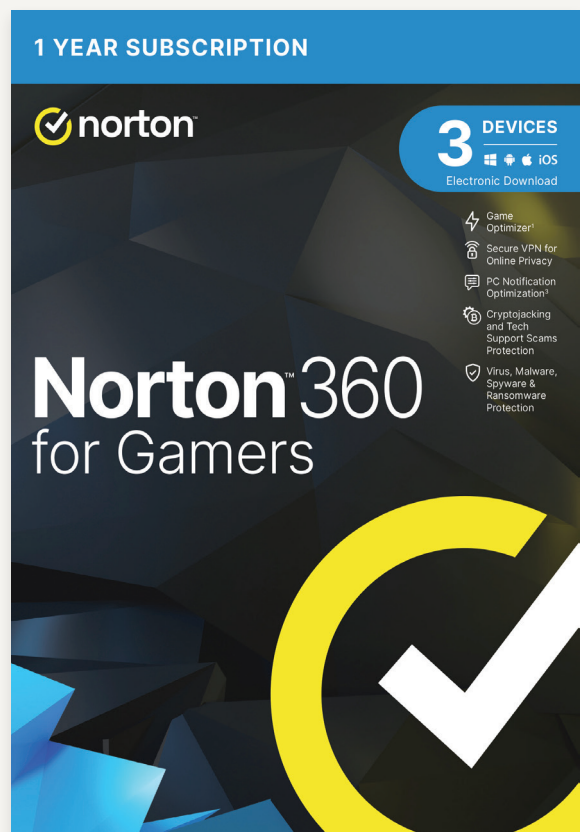

💬 **Notification Optimization[2]**
We'll only notify you if your Windows PC is under attack, your protection is at risk, or you aren't using a feature you're entitled to use - and give you control over product and service reminders.

⤢ **Full-Screen Detection[3]**
It detects when you're using full-screen mode on your PCs, and silences all but critical security alerts.

✓ Virus, Malware, Spyware & Ransomware Protection

Norton™ 360 for Gamers

More Features

Secure VPN
Browse anonymously and more securely by masking your IP address with a no-log VPN to help protect against DDoS attacks, doxxing and SWATing.

SafeCam for PC[2]
Helps protect against potential stream bans and embarrassment with alerts on attempts to access your webcam so you can block them.

Password Manager[4]
A strong password is important to help protect your game accounts. Let us help you store complex passwords, credit card information and other credentials online – more securely.

50 GB Cloud Backup[2,5]
Automatic Cloud Backup for PCs– store your game clips online, freeing up space on your drives.

Smart Firewall for PC
Helps protect your device and its data—even during Game Mode, against malicious attacks and intrusive eyes.

Device Security
Real-time protection for 3 devices against ransomware, viruses, spyware, malware and other online threats

Parental Control[‡]
Help your children; manage their online activity, and identify potential dangers before they become a problem.

How To Install

1. Visit https://www.norton.com/setup on a web browser.

2. Create an account, and if you don't have one it's easy, just use your email address.

3. Enter the 25-digit product key.[*]

4. Click Next and follow the on-screen instructions.

System Requirements

- Norton™ 360 for Gamers covers up to 3 devices.

- Norton™ 360 for Gamers supports Windows™ PC, Mac®, Android™ and iOS devices. Not all features are available on all devices or platforms. For detailed system requirements information: Norton.com/ns_sysreq.

- Parental Control, Cloud Backup, Game Optimizer, Notification Optimization and SafeCam are presently not supported on Mac OS or Windows in S mode.
